

# Edward Acu

Software engineer

✉ [acuedd@gmail.com](mailto:acuedd@gmail.com) ☎ +502 30468139 📍 01057 Guatemala

## Profile

Results-oriented professional with 11 years of experience and proven knowledge of application development, capacity planning, and programming. Aiming to leverage my skills to successfully fill the Software engineer role at your company. Fullstack developer specialist in backend solutions with PHP, nodejs, and mobile solutions working with hybrid apps with React-Native and Flutter, also I can work at frontend with solutions building it with ReactJs and javascript vanilla. I enjoy problem-solving and coding. Always strive to bring 100% to the work I do. I have good communications skills using Agile methodologies like Scrum.
